Sustain a Culture of
Safety within our
Company**

NATIONAL ASPHALT
PAVEMENT ASSOCIATION

Why me

Why you

**It takes everyone in the
company to create a culture
of safety**

It starts at the top

Older leaders were taught differently

Re-train the managers and foreman

**Yes, it might take a few minutes
longer to do it the safe way**

**It's far less expensive than
having an accident**

**We all want our employees and fellow
workers to go home the same way
they came to work**

**Are you the one that will meet the
family at the hospital**

**We don't need safety cops. We
need mentors and trainers**
